2. If and when transferee has begun drilling operations upon said leased premises and continues said operations in accordance with the provisions of said lease, then and in that event transferee agrees to pay to transferor the sum of Fifteen Thousand and no/100 (\$15,000.00) Dollars for the entire acreage embraced in said lease, less the twenty thousand (20,000) acres described in sub-paragraph (b) of Article II of said lease, said sum to be paid to transferor annually as and if said rental under said lease is paid by the transferee herein to lessor.

3. If and in event transferee begins operations for the drilling of a well upon a second area located upon said leased premises and continues said drilling operations in accordance with the provisions of said lease, then and in that event transferee agrees to pay to transferor Fifteen Thousand and no/100 (\$15,000.00) Dollars for the entire acreage embraced in said lease, less the forty thousand (40,000) acres described in sub-paragraph (d) of Article II of said lease, said sum to be paid to transferor annually as and if said rental under said lease is paid by the transferee herein to lessor.

5. If transferee should at any time decide that it does not wish to continue drilling operations upon any one of said three separate areas, then and in that event transferee shall have the right to cease such drilling operations upon any one of said three separate areas, but in such event agrees to resume the payment to transferrer provided under paragraph 3 hereof.

6. If transferee should at any time decide that it does not wish to continue drilling operations upon any two of said three separate areas, then and in that event transferee shall have the right to cease said drilling operations, but in such event agrees to resume the payment to transferrer provided under paragraph 2 hereof.

Transferee agrees to give transferor not less than thirty (30) days written notice of its intention to so abandon said lease or any part thereof prior to the next ensuing rental paying date or date upon which drilling is required under the terms of said lease. In the event transferor elects to accept such reassignment transferee will, upon such notification, promptly furnish transferor a recordable instrument of reassignment, transferor to obtain the official approval of such reassignment, it being agreed and understood, however, that transferee shall have a reasonable time thereafter for the removal from said lease or reassigned part thereof any and all of its movable property placed thereon by it under the terms of said lease.

12. In no event shall transferee be obligated against its wish or option to drill or otherwise carry on operations under said lease.

IN WITNESS WHEREOF, this instrument is executed in triplicate originals on this 21 day of January, 1936.
